

APPLICATION FOR THE ISSUE OF A PERMIT TO PRACTICE OPTOMETRY ON THE BASIS OF A AN EQUIVALENCE OF DIPLOMA OR TRAINING

1. GENERAL INFORMATION

The holding of a doctorate in optometry from the Université de Montréal is required for the issue of a permit to practice optometry by the Ordre des optométristes du Québec and of special permits with respect to the use of medication.

However, a person not holding such a doctorate who considers that the diploma (s) held and/or training received is (are) equivalent to this doctorate may apply to have the Ordre issue such a permit if the person is able to establish that this authorization or equivalence is held in accordance with the applicable legislative and regulatory requirements.

To submit an application, you must provide the Ordre with the following documents:

- 1. This form, duly completed and signed;
- 2. A certified cheque or postal money order in the amount of **Canadian** \$689.85 (\$600 + GST and QST), payable to the "Ordre des optométristes du Québec," for the examination of your application and, if conditions are met, for the delivery of the permits (these fees are not refundable).
- 3. For any authorization with respect to the practice of optometry in a jurisdiction outside Québec to which you refer in the form, a <u>certificate of professional status</u>, duly completed by the responsible regulatory authority and sent directly to the Order:
- 4. If you are not currently authorized to practice optometry elsewhere in Canada or in the United States, the following documents:
 - For any diploma or program of studies to which you refer in this form, an academic record, or one or more
 documents published by an educational institution including a description of the courses taken with the number
 of related credits and the marks obtained;
 - b. For any diploma or program of studies to which you refer within this form, the **original or a copy certified as true by the issuing institution** of the corresponding diploma or attestation of studies;
 - For any training activity or any examination to which you refer in this form, an attestation of participation or success
 issued by the responsible agency;
 - d. For any work experience to which you refer in this form, an attestation issued by the employer concerned.

Other documents (such as an <u>Évaluation comparative des équivalences des études effectuées hors du Québec</u> [comparative evaluation of equivalence of studies performed outside Quebec] from the Gouvernement du Québec may be submitted. You may also attach any other document you consider relevant.

Any document listed above not written in French or English must be accompanied by a translation into French or English attested by a declaration under oath by the person who did the translation. All documents submitted remain the property of the Order, except for the originals of diplomas, which will be returned to the applicant.

The evaluation and processing of the application will be performed in accordance with applicable legislative and regulatory requirements, as a function of the information provided on this form and the related documents. This evaluation may also require you to participate in an interview, take an examination or complete a training period. If partial training equivalence is granted, you will be informed of what training program you must complete to obtain a full equivalence. In due course, any information or decision about your application will be conveyed to you at the email address that you enter in Part 2 below.

Please note that to be issued a regular permit to practice optometry in Québec, a person must have <u>sufficient knowledge of French</u>, in accordance with the requirements of the <u>Charter of the French language</u> (R.S.Q., c. C-11). However, a temporary permit to practice, valid for a period of at most one year and renewable three times according to certain conditions, may be issued to a person without sufficient knowledge of French. Moreover, participation in an information session on aspects of professional ethics associated with the practice of optometry in Quebec is required prior to the issue of a permit to practice by the Ordre.
